

# Student Knnect

The AVAXA Student Knnect is an App for Students to view their information stored within the RTO Student Management System. It is available on mobile devices connected to the Internet.

## Some of the key features:

- Social login using Google social or Microsoft Live login
- Social Identity to Apprentice Management Solution Student Identity authentication and mapping
- Find a Course – support for course navigation and searching (via CIS data); link to existing institute website Enquire Now form
- My applications – list of user’s enrolment applications, and link to Apprentice Management Solution EForms and OE website,
- My courses – list of units and status, progress chart, download live training plans,
- My timetable – sessions and events in calendar format
- My profile – display and update limited set of student details.
- Payments and Receipts – list of receipts and transactions
- Contact us – general contact information for the Institute
- Notifications – push messaging from Apprentice Management Solution and list of received notifications
- Branding and customisations – support for Institute colour scheme and branding; custom page, form, and buttons creation
- ... and much more!

If you are seeking to improve your communication channels to your Student population, AVAXA’s skilled Staff can assist you through the establishment of the AVAXA Student Knnect at your RTO

If you have further questions relating to this offer, please contact AVAXA on +61 3 9533 7611.

# STRATA - Student Management Solution

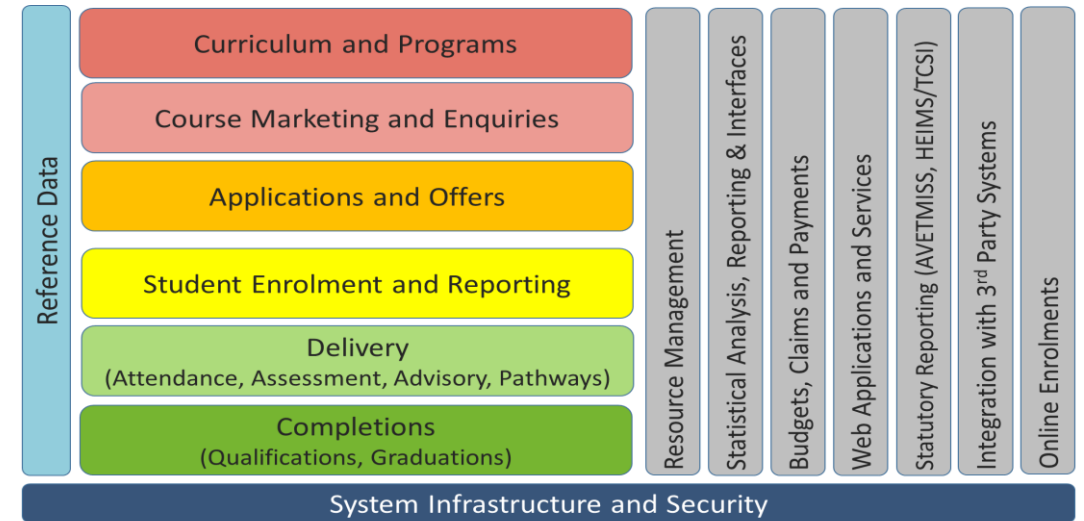

STRATA is designed and built in Australia for the administration of tertiary education institutions. STRATA supports the delivery of vocational, graduate, and post-graduate education. STRATA provides functionality, flexibility, performance and reliability unmatched by any other product available in Australia today both on-site and in the cloud.

STRATA Student Management System was initially developed in 2008, and since then AVAXA has been modifying and extending STRATA utilizing a shared customer development methodology that ensures a comprehensive and up-to-date solution that meets our customer's needs in a timely manner. At AVAXA we are nimble and responsive to the market and passionate about helping our customer's meet their business objectives.

STRATA provides full support for the business processes of education including:

- ✓ Development and management of curriculum, programs and enrolments
- ✓ Full end-to-end Student Online Enrolment, including calculation and collection of Student fees
- ✓ Applications Management for Apprenticeships, SBAT, VETiS/VETDSS, International, Short Courses, Higher Education, Certificate, Diploma and Advanced Diploma
- ✓ Management of International Students for both on-shore and off-shore delivery
- ✓ Management of Program delivery, Student attendance and performance recording via electronic Markbook
- ✓ Management of Testamurs, Statement of Attainment, and Record of Results via a registry
- ✓ Graduation and Event Management
- ✓ Employer Portal (including Employer Sign-off), Student Portal, Student Knnect App, and other online tools
- ✓ Statistical analysis, statutory and regulatory reporting (AVETMISS, HEIMS/TCSI)
- ✓ Resource Management and timetables for Students and Teachers
- ✓ Budgets, Claims and Payments Management
- ✓ History of all transactions for audit purposes

STRATA provides full Online Enrolment functionality. This enables the Student (or their agent) to make an application which supports entry of their personal details, educational background, Program selections and other relevant information to enable the RTO to make an offer to the applicant. Applicants can make payment electronically, via loans or periodic payment schemes or via Debitsuccess.

STRATA supports enrolments for all Vocational and Higher Education, and for a wide range of Programs. The background circumstances of a Student and the type of Program they select to enrol into determines the requirements for enrolment.

If your organization finds it challenging to maintain compliant Student and curriculum records during the entire Student journey, AVAXA's skilled Staff can provide advice and management to ensure a smooth transition to the STRATA Student Management Solution

If you have further questions relating to this offer, please contact AVAXA on +61 3 9533 7611.
