

Student Training Plans

STRATA Student Training Plans simplify new enrolments and re-enrolments, facilitate AQF, ASQA and HESG compliance, enable evaluation of qualification completion, and assist in meeting audit requirements.

Student Training Plans are the foundation of the STRATA system, and the basis for other STRATA subsystems. The key benefits of accurate and compliant Student Training Plans are:

- ✓ Information on Student training and assessment is transparent and progress can be presented in real-time to the Student, Teacher and Employer via the Student Portal, Markbook and Employer Portal
- ✓ Fee quotes relate specifically to enrolments and invoicing is possible for new enrolments and re-enrolments
- ✓ Facilitates transitioning Students for superseded Program enrolments including equivalency and internal credit transfers of completed Subjects
- ✓ Facilitates compliant qualification assessment, progress and management
- ✓ Guides the enrolment for each Student
- ✓ Provides visibility on progress for Students, Teachers, and Employers
- ✓ Dynamic Dates Management for accurate automatic calculation and reporting of Subject commencement dates

Student Training Plans provide a mechanism for simplifying new enrolments and re-enrolments. HESG requirements for development and documentation of a Student Training Plan are met and details are stored in the STRATA Student record for audit purposes.

The Student Training Plan can be applied against the TGA packaging rules within STRATA to determine if the qualification is compliant.

If your organisation is challenged to keep on top of your Student Training Plan Management, AVAXA's skilled Staff can help with implementation and management of compliant Student Training Plans.

If you have further questions relating to this offer, please contact AVAXA by calling Andrew Munro or Rod Jones on (03) 9533 7611.

STRATA - Student Management Solution

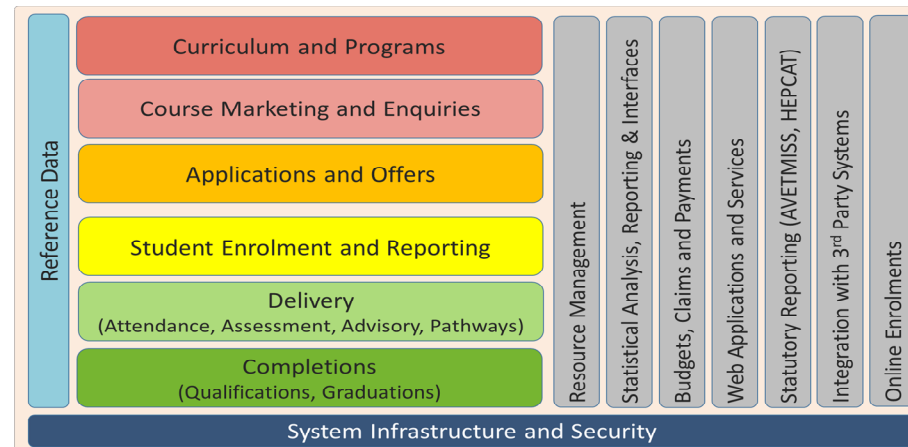

STRATA is designed and built in Australia for the administration of tertiary education institutions. STRATA supports the delivery of vocational, graduate, and post-graduate education. STRATA provides functionality, flexibility, performance and reliability unmatched by any other product available in Australia today both on-site and in the cloud.

2018 is the tenth anniversary of the STRATA Student Management System and AVAXA has been developing STRATA over that time utilizing a shared customer development methodology that ensures a comprehensive up-to-date solution that meets our customer's needs in a timely manner. At AVAXA we are nimble and responsive to the market and passionate about helping our customer's meet their business objectives.

STRATA provides full support for the business processes of education including:

- ✓ Development and management of curriculum, Programs and enrolment Subjects
- ✓ Full end-to-end Student Online Enrolment, including calculation and collection of Student fees
- ✓ Applications Management for Apprenticeships, VETiS, International, Short Courses, Higher Education, Certificate, Diploma and Advanced Diploma
- ✓ Management of International Students for both on-shore and off-shore delivery
- ✓ Management of Program delivery, Student attendance and performance recording via electronic Markbook
- ✓ Management of Testamurs, Statement of Attainment, and Record of Results via a registry
- ✓ Graduation and Event Management
- ✓ Employer Portal, Student Portal and other online tools
- ✓ Statistical analysis, statutory and regulatory reporting (AVETMISS, HEIMS/HEPCAT)
- ✓ Resource Management and timetables for Students and Teachers
- ✓ Budgets, Claims and Payments Management
- ✓ History of all transactions for audit purposes

STRATA provides full Online Enrolment functionality. This enables the Student (or their agent) to make an application which supports entry of their personal details, educational background, Program selections and other relevant information to enable the RTO to make an offer to the applicant. Applicants can make payment electronically, via loans or periodic payment schemes or via Debitsuccess.

STRATA supports enrolments for all Vocational and Higher Education, and for a wide range of Programs. The background circumstances of a Student and the type of Program they select to enrol into determines the requirements for enrolment.

If your organization finds it challenging to maintain compliant Student and curriculum records during the entire Student journey, AVAXA's skilled Staff can provide advice and management to ensure a smooth transition to the STRATA Student Management Solution

If you have further questions relating to this offer, please contact AVAXA by calling Andrew Munro or Rod Jones on (03) 9533 7611.
