

Industry Connect

Industry Connect is designed to give teaching Staff online and real-time access to Apprentices' Student records whilst on or off site.

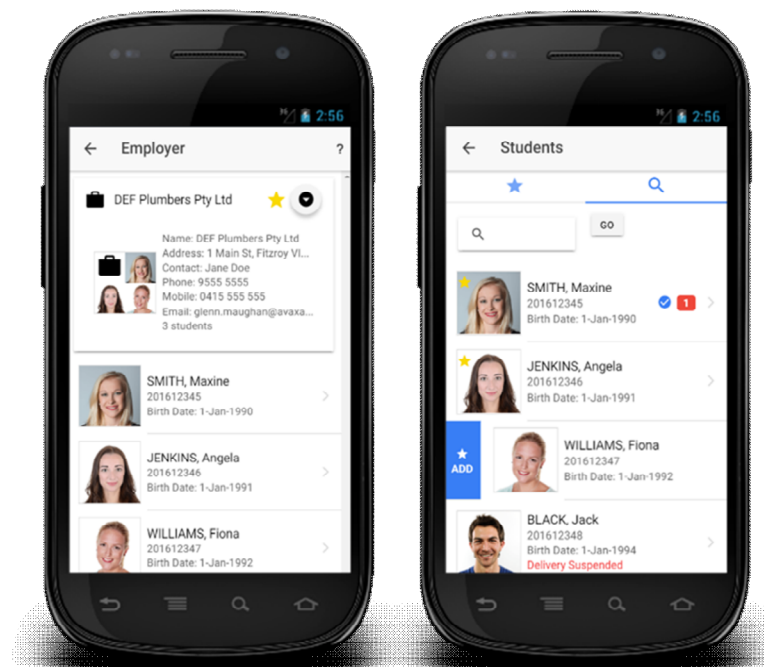

The Industry Connect App gives your teaching Staff online and real-time access to Apprentices' Student records while visiting workplaces where Apprentices attend all or part of their training.

This tool helps the RTO to meet several compliance requirements as defined in "Guidelines about Apprenticeship/Traineeship Training Delivery – Skills First Program" such as:

- ✓ Negotiating a Student Training Plan with the Employer, including Subject selection, RPL/CT, delivery modes, Employer sign-off and preferred contact method
- ✓ Signatures of the Employer, the Student and the RTO are captured digitally on the device
- ✓ Recording results against assessment items and allowing allocation of results to Subjects
- ✓ Allowing updates of Student details

The key benefits are:

- ✓ Student Training Plans can be negotiated and signed on mobile phones or tablets
- ✓ Attendance and Assessment can be recorded and updates sent to STRATA in real-time
- ✓ Evidence of Student & Employer interactions and site visits can be captured and stored centrally against the Student history
- ✓ Reduces the requirements of going into different systems to record and capture data
- ✓ Activity is captured in one place for audit requirements

If your organisation finds it challenging to manage Apprentices and their records, AVAXA's skilled Staff can help implementing and customising the Industry Connect application for your specific needs.

If you have further questions relating to this offer, please contact AVAXA by calling Andrew Munro or Rod Jones on (03) 9533 7611.

STRATA - Student Management Solution

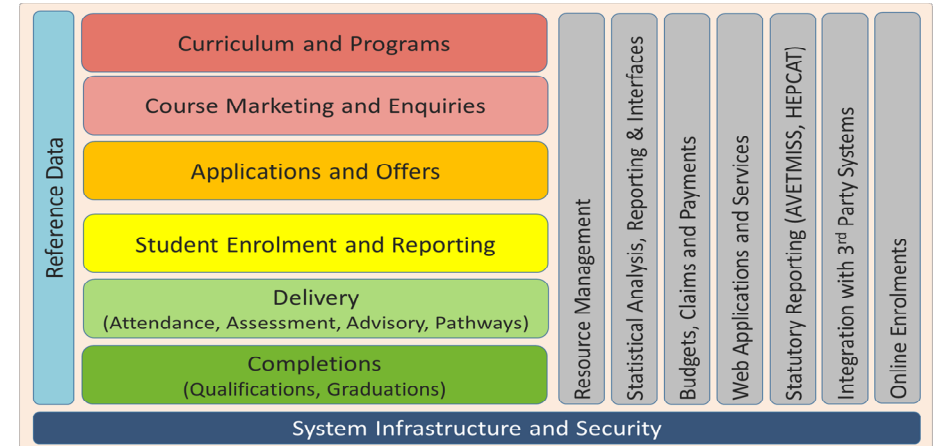

STRATA is designed and built in Australia for the administration of tertiary education institutions. STRATA supports the delivery of vocational, graduate, and post-graduate education. STRATA provides functionality, flexibility, performance and reliability unmatched by any other product available in Australia today both on-site and in the cloud.

2018 is the tenth anniversary of the STRATA Student Management System and AVAXA has been developing STRATA over that time utilizing a shared customer development methodology that ensures a comprehensive up-to-date solution that meets our customer's needs in a timely manner. At AVAXA we are nimble and responsive to the market and passionate about helping our customer's meet their business objectives.

STRATA provides full support for the business processes of education including:

- ✓ Development and management of curriculum, Programs and enrolment Subjects
- ✓ Full end-to-end Student Online Enrolment, including calculation and collection of Student fees
- ✓ Applications Management for Apprenticeships, VETiS, International, Short Courses, Higher Education, Certificate, Diploma and Advanced Diploma
- ✓ Management of International Students for both on-shore and off-shore delivery
- ✓ Management of Program delivery, Student attendance and performance recording via electronic Markbook
- ✓ Management of Testamurs, Statement of Attainment, and Record of Results via a registry
- ✓ Graduation and Event Management
- ✓ Employer Portal, Student Portal and other online tools
- ✓ Statistical analysis, statutory and regulatory reporting (AVETMISS, HEIMS/HEPCAT)
- ✓ Resource Management and timetables for Students and Teachers
- ✓ Budgets, Claims and Payments Management
- ✓ History of all transactions for audit purposes

STRATA provides full Online Enrolment functionality. This enables the Student (or their agent) to make an application which supports entry of their personal details, educational background, Program selections and other relevant information to enable the RTO to make an offer to the applicant. Applicants can make payment electronically, via loans or periodic payment schemes or via Debitsuccess.

STRATA supports enrolments for all Vocational and Higher Education, and for a wide range of Programs. The background circumstances of a Student and the type of Program they select to enrol into determines the requirements for enrolment.

If your organization finds it challenging to maintain compliant Student and curriculum records during the entire Student journey, AVAXA's skilled Staff can provide advice and management to ensure a smooth transition to the STRATA Student Management Solution

If you have further questions relating to this offer, please contact AVAXA by calling Andrew Munro or Rod Jones on (03) 9533 7611.
